

## Regular Meeting of the Board of Directors of Yuima Municipal Water District

Monday, January 25, 2021 2:00 P.M. 34928 Valley Center Road, Pauma Valley, California

Roland Simpson, President Don Broomell, Secretary / Treasurer Bruce Knox, Director Steve Wehr, Vice-President Laney Villalobos, Director

IMPORTANT NOTICE: PER GOVERNOR NEWSOM'S EXECUTIVE ORDERS, THE ADGENDIZED MEETING WILL NOT BE HELD IN PERSON. THE DIRECTORS WILL BE PROVIDED TELEPHONIC OR ELECTRONIC ACCESS SEPARATELY. THE PUBLIC MAY ACCESS THE MEETING ELECTRONICALLY BY FOLLOWING THE INSTRUCTIONS INCLUDED AT THE END OF THIS AGENDA. PUBLIC COMMENTS MAY BE SUBMITTED VIA EMAIL BY 1:45 P.M. ON THE MEETING DAY TO carmen@yuimamwd.com. SUBMISSIONS WILL BE READ ALLOWED AT THE PUBLIC COMMENT PERIOD, OR AT THE TIME THE ITEM IS DISCUSSED DURING ACTION / DISCUSSION, TO THE EXTENT THEY FIT WITHIN THE THREE-MINUTE LIMIT.

#### **AGENDA TOPICS**

2:00 p.m.

1. Roll Call - Determination of Quorum

Broomell

Simpson

- 2. Pledge of Allegiance
- 3. Approval of Agenda(Gov. Code Sec. 54954.2(b)) In accordance with Government Code Section 54954.2 (the Brown Act), additions/changes to the agenda generally require a determination by a two-thirds vote of the members of the board present at the meeting, or, if less than two-thirds of the members are present, a unanimous vote of those members present; that there is a need to take immediate action, and that the need for action came to the attention of the District subsequent to the agenda being posted.

Simpson

- 4. Public Comment This is an opportunity for members of the public to address the Board on matters of interest within the Board's jurisdiction that are not listed on the agenda. The Brown Act does not allow any discussion by the Board or staff on matters raised during public comment except; 1) to briefly respond to statements made or questions posed; 2) ask questions for clarification; 3) receive and file the matter; 4) if it is within staff's authority, refer it to them for a reply; or 5) direct that it be placed on a future board agenda for a report or action. Inquiries pertaining to an item on the agenda will be received during deliberation on that agenda item. No action can be taken unless specifically listed on the agenda (Government Code §54954.3).
- **5. Election of Officers-** Pursuant to Water Code Section 71273, the Board shall elect one of its members president at its first meeting in the month of January of each odd numbered year. The Board may elect officers (President, Vice-President, and Secretary/Treasurer) of the Board at the same time as a slate or individually.

#### I. SPECIAL REPORTS

Joint Powers Fire Report

Bakkela

#### II. CONSENT CALENDAR

Consent Calendar items will be voted on together by a single motion unless separate action is requested by a Board Member, staff or audience member.

- **1.** Approve minutes of the Special Meeting of December 7, 2020.
- 2. Approve Accounts Paid and Payables for & Reporting under Government Code §53065.5 for November and December 2020.
- **3.** Accept Monthly Financial Reports November and December 2020, Treasurer's Report and Cash Statements.

#### III. <u>ACTION DISCUSSION</u>

1. Consider Approval of the Yuima Municipal Water Districts Fiscal Year 2019-2020 Audited Financial Statements and 2019-2020 Comprehensive Financial Report (CAFR).

Reeh / Auditor

Background: Staff will present the 2019-2020 financial highlights. Richard A. Teaman, CPA and Rick Gallo, CPA with the audit firm Teaman, Ramirez & Smith, Inc. will present the Audit Report and answer any questions.

Recommendation: That, the Board consider approval of the 2019-2020 audited Financial Report (CAFR).

2. Certificate of Compliance by Yuima MWD as Successor in Interest to Palomar Mutual Water Company Calendar Year 2020 (Strub).

Simpson

Background: Yuima was substituted as successor in interest for Palomar Mutual (IDA), the defendant in the Strub vs. Palomar Mutual lawsuit in 1968 when Palomar Mutual was dissolved. The suit was settled through an Agreement (Stipulated Judgement) which placed certain limits on water taken from the rivers (1350 a.f/yr.) for use upon lands in IDA and requires yearly certification to the court. In calendar year 2020, we met the limit of 1350 acre feet.

Recommendation: Authorize the President and Secretary to execute the accompanying Certificate of Compliance and direct counsel to file with the court.

#### 3. Proposed Resolution Adopting a COVID-19 Prevention Plan

Reeh

Background: OSHA implemented a new emergency regulation for all employers to develop and implement their own COVID-10 Prevention Program. Using the OSHA, template, staff developed and implemented the program presented for approval today. Because this was an emergency regulation the District has already reviewed, trained and implemented the program with the staff.

*Recommendation:* That, should the Board agree, they approve the COVID-19 Prevention Program as presented.

## **4.** Proposed Resolution Amending the Rules & Regulations Governing Water Service Section 16.3.1 SDCWA Infrastructure Access Charge.

Simpson

Background: The proposed resolution incorporates the new SDCWA Infrastructure Access Charge effective January 1, 2021 in the Rules and Regulations Governing Water Service. This is a direct pass through charge from the Water Authority.

*Recommendation:* That, should the Board agree, they approve the resolution as presented.

5. Approval Purchase Order to Dexter Wilson for a Payment of Additional Forebay Construction Management Services (41,600).

Simpson

Background: Under the Purchasing Policy the Board must approve any purchase order over \$35,000. Dexter Wilson performed additional construction management services outside of their contract that were not performed by TKE Engineering. TKE Engineering did not charge Yuima for these services that were not performed by their project manager as originally contracted. The net additional cost to the District is \$1417.78.

*Recommendation:* That the Board approve the purchase order as presented.

#### 6. President Appointments Committees

Simpson

Background: The President Shall make the assignment to the Personnel Committee and various standing and ad-hoc committees of the Board. The Personnel Committee is comprised of three members; the General Manager, and two Directors appointed by the President of the Board of Directors for a one-year term.

Recommendation: That the President of the Board appoint two elected members to the Personnel Committee for 2021 and make new, or confirm previous, assignments to the various standing and ad-hoc committees of the Board. Current Assignments are as follows:

Personnel Committee: Directors Broomell and Villalobos Local Ground Water Committee (GSA): Directors Simpson and Wehr

#### IV. INFORMATION / REPORTS

These reports have been made available in the Board packet, however, in an effort to adhere to Health Agency directive and limit time spent in the presence of others these reports will not be verbally reviewed. Specific questions will be addressed if necessary.

#### California Government Code Section 53065.5

Each special district, as defined by subdivision (a) of Section 53036, shall, at least annually, disclose any reimbursement paid by the district within the immediately preceding fiscal year of at least one hundred (\$100) for each individual charge for services or products received. "Individual charge" includes, but is not limited to, one meal, lodging for one day, transportation, or a registration fee paid to any employee or member of the governing body of the district. The disclosure requirement shall be fulfilled by including the reimbursement information in a document published or printed at least annually by a date determined by that district and shall be made available for public inspection.

Government Code 53065.5 reporting for the month of November 2020 is \$0.00. Breakdown available in the Finance Department

Fair Value Including Accrued Interest

107,761,448,801.69

Repurchase Agreements, Reverse Repurchases, Time Deposits, and PMIA & General Fund loans are carried at portfolio book value (carrying cost).

The value of each participating dollar equals the fair value divided by the amortized cost (1.002271318). As an example: if an agency has an account balance of \$20,000,000.00, then the agency would report its participation in the LAIF valued at \$20,045,426.35 or \$20,000,000.00 x 1.002271318.

# January 25, 2020

TO: Honorable President and Board of Directors

FROM: Amy Reeh, Interim General Manager

**SUBJECT:** Comprehensive Annual Financial Report

<u>PURPOSE</u>: To present and review the District's financial position as of Fiscal Year end June 30, 2020

**SUMMARY**: As part of the District's required annual audit staff prepares a Comprehensive Annual Financial Report (CAFR) which is submitted to the Government Finance Officers Association (GFOA) for review. This is the thirteenth year the District has submitted the CAFR to the GFOA; the District has received the Award for Excellence in Financial Reporting for all Previous twelve years.

The Staff and auditor will give a visual presentation and discuss the highlights of the financial Audit.

<u>Recommended Actions:</u> To accept the 2019-20 Audited Financial Reports and Comprehensive Annual Financial Report.

# Introductory Section

Comprehensive Annual Financial Report

Board of Directors Roland Simpson - President Steve Wehr - Vice-President Don Broomell - Secretary/ Treasurer Laney Villalobos - Director Bruce Knox - Director

December 30, 2020

Roland Simpson, President Members of the Board of Directors Yuima Municipal Water District 34928 Valley Center Road Pauma Valley, CA 92061-0177

We are pleased to present the Comprehensive Annual Financial Report (CAFR) for the Yuima Municipal Water District (hereinafter referred to as "the District") for the fiscal year ended June 30, 2020. The purpose of the report is to provide the Board of Directors, our customers, creditors, investors, and other interested parties with transparent financial information about the District.

The CAFR was prepared by the District's Finance Department following the guidelines set forth by the Government Accounting Standards Board (GASB) and in accordance with Generally Accepted Accounting Principles (GAAP). Responsibility for both the accuracy of the data presented, and the completeness and fairness of the presentation, including all disclosures, rests with District management. We believe the data, as presented, is accurate in all material respects and that it is presented in a manner that provides a fair representation of the financial position and results of operation of the District and includes all disclosures necessary to enable readers to gain the maximum understanding of the District's financial activity.

The District's policy requires that an independent certified public accounting firm, selected by the Board, audit the basic financial statements on an annual basis. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2020, are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating overall financial statements presentation. The independent auditor, Teaman, Ramirez and Smith Inc. have issued an unmodified ("clean") opinion on the District's financial statements for the fiscal year ended June 30, 2020. The independent auditor's report is presented as the first component of the financial section of this report.

Management's Discussion & Analysis (MD&A) immediately follows the independent auditor's report in the Financial Section and provides an overview, summary, and analysis of the basic financial statements.

# **DISTRICT FORMATION, ORGANIZATION AND HISTORY**

The District was incorporated on January 19, 1963 as a California special district by the State Legislature, with an entitlement to import water under the provisions of the *California Municipal Water District Act* 

of 1911, section 71000 et.seq. of the California Water Code as amended. The District was formed to import Colorado River water to augment local water supplies.

The District is governed by a five-member Board of Directors (the "Board"), elected by geographical location Prior to the District's formation, the sole source of water was local ground water on the alluvial fan and the San Luis Rey River basin. Following a period of drought extending back to 1949, coupled with increased agricultural water demands, the water table fell drastically, and overdrafts of the underlying water basin lowered the basin's level as much as 85 feet, forcing the abandonment of some wells and giving rise to increased pumping costs. This condition also prompted the filing of the *Strub vs. Palomar Mutual Water Company* suit to which the District is successor in interest and which limits

the withdrawal of water for use within the boundaries of Improvement District "A" (IDA) from the San Luis Rey River upstream of Cole Grade Road to no more than 1,350-acre feet annually. Yuima, as successor in interest to Palomar Mutual continues to operate the former Palomar Mutual system and properties (now known as Improvement District A) as an independent water system. Yuima is responsible for administering IDA's compliance with *Strub et al*.

The District's ordinances, policies, taxes, and rates for service are set by the five-member Board of Directors, who are elected by voters in their respective geographic divisions, to serve staggered four-year terms on its Governing Board. The Board of Directors (Board) governs the District. The Board manages the District through an appointed General Manager. The District's management team also includes the Finance & Administrative Services Manager. There are currently 8 full-time and 1 part-time employees working for the District.

The financial data presented herein includes information for activities and entities that are significantly controlled by the District and for which the Board is primarily financially accountable.

# THE REPORTING ENTITY AND ITS SERVICES

The District is a "revenue neutral" public agency, meaning that rates are set based on projections so that each end-user pays his or her fair share of the District's costs of water acquisition, operation and maintenance, betterment, renewal and replacement of the public water facilities. The district is an "Enterprise" district, in that operations are financed and operated in a manner similar to private business enterprises – where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis is to be financed or recovered primarily through user charges; or where periodic determination of revenues earned, expenses incurred, and/or net income is deemed appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Since the District is in the business of selling water and rendering services to an end user, it is

required by the State of California to follow the enterprise type of fund accounting. All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities (whether current, non-current or restricted) associated with the activity are included in the balance sheet.

The District provides water and fire protection services. The District has established and maintains various self-balancing groups of accounts to enhance internal control and to further the attainment of other management objectives. These groups of accounts, which are funds and sub-funds of the reporting entity, are identified in the District's books and records as:

- ✓ General Fund
- ✓ Improvement District A Fund
- ✓ Fire Fund

The General Fund accounts for all activity related to water operations as well as the general operations of the District's water operations. Improvement District A Fund accounts for water operations, capital assets, and construction-in-progress transactions related exclusively to that geographically defined area. The Fire Fund acts as a pass-through mechanism for revenues collected on behalf of the California Department of Forestry and Fire Protection (CalFire), to fund the fire protection operations.

# CURRENT ECONOMIC CONDITIONS AND OUTLOOK

The current economy for FY 20/21 is currently on an upswing from the effects of the U shaped recession due to the Novel Coronavirus pandemic. Although 2019 had started with the highest ratings in two decades, the result of the Novel Coronavirus has impacted the United States dramatically. This is significantly higher than June 2019's 3.4%. Home values continued to increase and hit a high of \$634,000

in July. That represented a 9.3 percent price increase over a year earlier, its highest annual jump in nearly two years according to Norada Real Estate Investments. Consumer Confidence dropped to 100.9 as of October 2020. Consumers do not see the US economy gaining momentum in the coming months as cases for the Coronavirus are now on the rise. San Diego had an unemployment rate of 13.09% as of June 30, 2020 due to the effects of the COVID-19 pandemic. However, this is below the State of California's unemployment rate of 15.1%. San Diego civilian jobs lost increased by 166, 400 jobs since June of 2019; most of these in the services, tourism and hospitality sectors according to the Employment Development Department.

Over the last 55 years, the District has grown to be a strong agricultural community. Today the District serves a population of 1,830 through 346 service connections provided within approximately 21 square miles of northern San Diego County. The District operates 44.1 miles of water main, 24 productive wells, 10 potable water tanks, and 2 Ag only reservoirs. It appears unlikely that population growth will be a significant factor within the next five years. No major housing developments are planned, and even if a project were initiated today, it would take at least five years to obtain the appropriate zoning changes and

complete construction. Currently, there are two active annexation projects in progress at the District, with one annexation expected to be completed by the end of the 2021-22 Fiscal Year. These annexations are comprised of both new population and existing population needing a more dependable source of water. It is estimated that these projects will bring an addition 142 domestic meters. However, because these are domestic meters the District estimates only a 40- acre foot per year increase in water sales. It is estimated that population growth will not exceed 0.5% per year over the next five years. Considering that only about 3% OF TOTAL District demand is residential, the increase in population growth is expected to be negligible with respect to overall water demand during the next few years.

In fiscal year 2019-20 the District purchased approximately 67% of its water from the San Diego County Water Authority (SDCWA or the "Authority"), at a cost of \$9.6 million, or 67.5% of the District's total operating expenses. The Authority imports most of its water from Metropolitan Water District of Southern California (MET). For the fiscal year ended June 30, 2020 the District billed 346 customers for 6,727-acre feet of water, representing an increase in sales from the prior year of 376-acre feet.

Water sales for the past ten years have ranged from 4,959 to 8,819-acre feet. Because a large portion of our sales are due to agriculture, sales are greatly affected by weather conditions, making sales projections difficult. The Pauma Valley area received only 19.3 inches of rainfall in fiscal year 2019-20; a 29% decrease from the previous year. However, due to two shutdowns from the San Diego County Water Authority for repairs Yuima only realized a 6% increase in water sales from the prior fiscal year.

As the chart to the right depicts, our agricultural customers purchased 91% of the District's total water sales in fiscal year 2019-20, while Wholesale and Domestic sales make up the remaining 9%. As water is one of the largest production costs for farmers in San Diego County, rapidly increasing wholesale water rates have the potential to severely affect the profitability of agriculture. The significant price increases for imported water along with fluctuating water sales have made it difficult to project long-term sales demand forecasts.

# LONG-TERM FINANCIAL PLANNING

The past several years has been focused on rebuilding our reserves after the implementation of GASB 68. This fiscal year the District has turned its focus to the development and implementation of a facility improvement plan. The 2019-20 fiscal year the District began several major capital improvement projects. The facility improvement plan will also be part of the District's Strategic Plan that, while in it's infancy, is also being developed as recommended by the Government Finance Officers Association.

Dependence on imported water supplies have increased due to increased demands that cannot be met by our local supply. Water sales for Fiscal Year 2019-20 saw a slight increase of 6%. Although the District's local production increased by 6 %, demand was such that the District's imported water purchases only realized a 1.5% reduction. The District still strives to find ways to increase their local supply but must remain cognizant of weather conditions (reduce rainfall) and the future implications of the Sustainable Ground Water Management Act. While any restrictions imposed from this act are in the distant future, the District must begin addressing the reduction of local supply when planning facility improvement now. The San Diego County Water Authority has begun the design and construction of an emergency flow control facility to provide an alternative source of water for both Yuima and the Valley Center Municipal Water District for use during a North County emergency storage event.

# ACCOMPLISHMENTS IN FISCAL YEAR 2019-20

The 2019-20 fiscal year focused mainly on the construction of the District's new Forebay Pump Station. The original pumpstation had been in operation since 1964; and, although still functioning, the older station struggled to keep up with the increasing demands of customers. This pump station is the District's only connection to the imported water supply from the San Diego County Water Authority. The increase in the dependency of imported water made the rehabilitation of the facility a necessity for operational

reliability. The pump station rehabilitation included replacing four smaller pumps only capable of a combined 750 horsepower with soft start pumps utilizing a combined 1600 horsepower. Additionally, this fiscal year the District completed Phase 2 of the SCADA System upgrade including the incorporation of the new pump station into the system. The District SCADA System monitors the District's operational infrastructure such as wells, tank levels, chlorine and nitrate analyzers and pump stations. The system notifies Operations staff members of any malfunctions operationally to ensure that water service is uninterrupted.

# FINANCIAL INFORMATION AND INTERNAL CONTROLS

District management is responsible for establishing and maintaining a system of internal controls designed to ensure that the District's assets are protected from loss, theft, or misuse, and to ensure that adequate

accounting data is compiled to allow for the presentation of its Financial Statements in conformity with generally accepted accounting principles. Internal controls are designed to provide reasonable assurance that these objectives are met as effectively as possible. The concept of reasonable assurance recognizes that the cost of maintaining the system of internal controls should not exceed benefits likely to be derived, and that the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework.

Management believes that activities presented within this report comply with financial, legal, and contractual obligations, as prudent fiduciary responsibility requires. In addition, we believe that the District's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. During the year, additional internal control improvements to the accounting software have been made, and we continue to identify ways in which we can strengthen our procedures.

# ACCOUNTING SYSTEM

The Finance department is responsible for providing financial and administrative services for the District, including financial accounting and reporting, payroll and accounts payable disbursement functions, cash, investments and debt management, budgeting, grant administration, purchasing, data processing, customer billing, processing of customer payment, customer service, internal auditing, administrative services, human resources, and special financial analyses. The District reports its activities as an enterprise fund, which is used to account for operations like business enterprises, where the provision of services is financed or recovered primarily through user charges.

# **BUDGETING CONTROLS**

The District views the budget as an essential tool for proper financial management. The District adopts a budget annually to outline major elements of the forthcoming year's operating and capital plans and to allocate funding required for those purposes. It is designed and presented for the general needs of the District, its staff, and its customers. It is a comprehensive and, for the most part, a balanced financial plan that features District services, resources and their allocation, financial policies, and other useful information to allow users to gain a general understanding of the District's financial status and future. The District's operating and capital budgets are approved by the Board of Directors. Board approval is required for any increase in appropriations. Actual expenditures are then compared to these appropriations each month and are distributed to all department heads monthly and to the Board quarterly. Annual operating water user rates and charges are derived from the annual operating budget and are based on historical seasonal demand, and other internal and external factors impacting the budget. The District maintains two sets of user rates and charges to account for the differing entitlement of the respective geographic areas to local water. One set is for the General District and the other for Improvement District A. Higher pumping charges apply in higher elevations throughout the District.

# CASH MANAGEMENT

The District is regulated by State law (primarily California Government Code Section 53600 et seq.) as to the types of securities in which it can invest its cash assets. In addition, the Board of Directors annually

adopts an investment policy that is generally more restrictive than the State codes. The District's investment policy governs the cash management and investment of all District funds. The standard practice of the District is to maintain an appropriate balance between safety, liquidity, and yield of its investments while meeting required expenditures, and conforming to all applicable State laws, the District's investment policy, and prudent cash management principles.

For the fiscal year 2020-21, the District's fixed income investment portfolio consisted primarily of short-term securities with an average maturity of 365 days or 12 months.

These securities included the State-managed Local Agency Investment Fund (LAIF) and various Certificates of Deposit (CD's).

At June 30, 2020, the District's cash assets totaled \$6.9 million dollars. The diversification of the portfolio is shown in the chart to the above. These cash balances are allocated to various restricted funds.

# RISK MANAGEMENT

In 1996, the District became a member of the Joint Powers Insurance Authority (JPIA), a pooled insurance program developed by the Association of California Water Agencies that provides the District's coverage for general liability insurance, property insurance, employee bonds, and other blanket coverage. In 2003 the District added the worker's compensation coverage under JPIA. During fiscal year 2019-20, the District continued its proactive liability risk management role through careful monitoring of losses and designing and implementing programs to minimize risks. In addition, management analyzes workers' compensation issues by monitoring work conditions, and organizing and implementing safety training programs to reduce employee exposure to hazards. The District proudly maintains an excellent low loss history in all JPIA programs.

# PENSION AND DEFERRED COMPENSATION PLANS

The District provides two complementary retirement plan programs for employees. The first is a defined benefit pension plan through the California Public Employees' Retirement System (CalPERS). Upon retirement, District employees are entitled to a specified retirement benefit. The plan is more fully described in Note 6 to the Financial Statements.

In addition, the District has adopted a Deferred Compensation Plan in accordance with Section 457(b) of the Internal Revenue Code. All contributions to the Deferred Compensation Plan are employee contributions. The employees are not liable for income taxes on amounts deferred until the funds are withdrawn. The deferred compensation plan was amended May 26, 2009, in accordance with recent changes in the Internal Revenue code. In accordance with these and previous Internal Revenue code revisions, all assets in the Plans are held in trust for the exclusive benefit of the participants and their beneficiaries and therefore are not recognized in the accompanying financial statements. As of June 30, 2020, 4 current employees were participating in the 457(b) Plan with accumulated assets from past and current employees totaling \$332,099.

# **AWARDS**

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to Yuima Municipal Water District for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2019. This is the twelfth year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a District must publish an easy to read and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are respectfully submitting it to the GFOA to determine its eligibility for another certificate.

# CONTACTING THE DISTRICT'S FINANCE DEPARTMENT

This financial report is designed to provide the Board, customers, creditors, and investors with a general overview of the District's financial condition. Should you have any questions regarding the content of this report, please contact Amy Reeh, Interim General Manager, at (760) 742-3704 or <a href="mailto:Amy@Yuimamwd.com">Amy@Yuimamwd.com</a>.

# **ACKNOWLEDGMENTS**

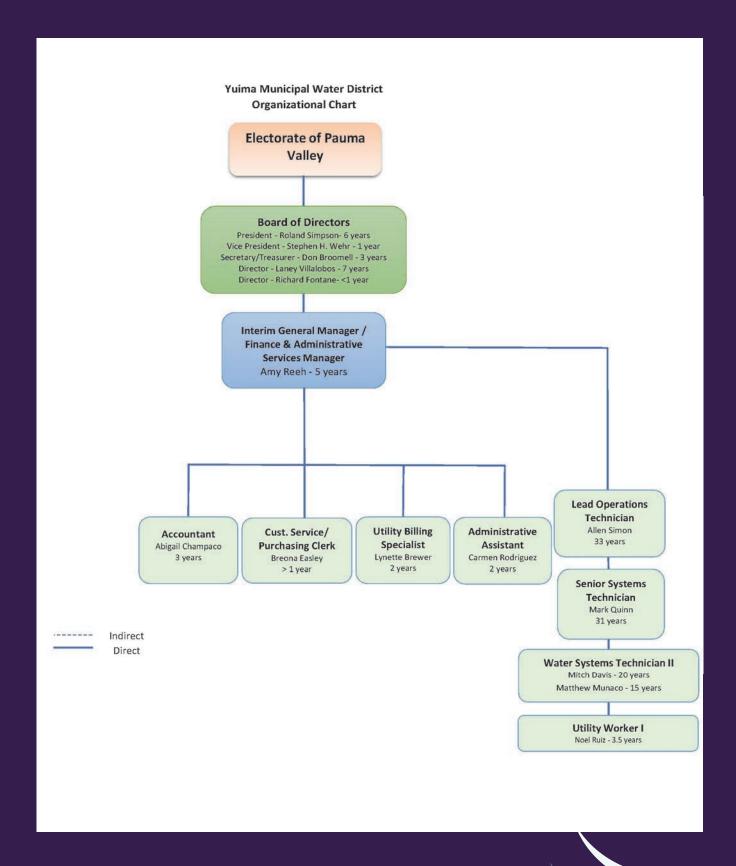

The preparation of this report could not have been accomplished without the contribution of the Finance Department and our independent auditor, Teaman, Ramirez and Smith, Inc. We would also like to particularly to thank the Board of Directors for their continued dedication supporting the highest level of prudent fiscal management.

Respectfully Submitted:

Comprehensive Annual Financial Report

### INDEPENDENT AUDITORS' REPORT

To the Board of Directors Yuima Municipal Water District Yuima, California

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the Yuima Municipal Water District (the "District"), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the District, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

# **Emphasis of Matter**

### Change in Accounting Principle

As described in Note 1B to the financial statements, the District adopted the provisions of Governmental Accounting Standards Board Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. Our opinion is not modified with respect to this matter.

#### Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information on pages 3-11 and 52-57 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### Other Reporting Required by Government Auditing Standards

Teamon Raminez & Smith, I me.

In accordance with Government Auditing Standards, we have also issued our report dated December 30, 2020, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering District's internal control over financial reporting and compliance.

Riverside, California December 30, 2020

# MANAGEMENT'S DISCUSSION AND ANALYSIS Fiscal Year Ended June 30, 2020

This section of the Yuima Municipal Water District's Comprehensive Annual Financial Report (CAFR) presents Management's Discussion and Analysis of the District's financial performance for fiscal year ended June 30, 2020 and includes the Governmental Accounting Standard Board's (GASB) enhanced financial reporting requirements. We offer readers of the Yuima Municipal Water District's financial statements this narrative overview and analysis of the financial position and results of operations for the fiscal year ended June 30, 2020.

### Included in this section are:

- Financial Statement Overview:
- Analysis of Financial Position and Results of Operations;
- Overview of the Accompanying Basic Financial Statements;

The Letter of Transmittal can be found on pages i-vi and should be read in conjunction with the audited financial statements. The audited financial statements are located in the section following the MD&A. All amounts, unless otherwise indicated, are expressed in dollars.

# FINANCIAL STATEMENTS OVERVIEW - FISCAL YEAR ENDED JUNE 30, 2020

**Statement of Net Position -** The Statement of Net Position presents the District's financial position relating to assets, liabilities, and deferred outflows/inflows of resources. Assets and deferred outflows in excess of liabilities and deferred inflows (Net Position) for fiscal year 2019-20 increased \$500,654 over fiscal year 2018-2019, from \$16,390,240 to \$16,915,321 which correlates to the increase as presented on the Statements of Revenues, Expenses, and Changes in Net Position. Of this amount, \$4,224,815 may be used to meet the District's ongoing obligation to citizens and creditors.

**Statement of Activities and Changes in Net Position** - The Statement of Activities and Changes in Net Position accounts for all activities during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused vacation leave). This statement measures the success of the District's operations during the reporting period and can be used to assess whether or not the District has successfully recovered all of its costs through its user fees and other charges. This statement also measures the District's solvency and ability to meet its financial commitments.

### ANALYSIS OF FINANCIAL POSITION AND RESULT OF OPERATIONS

The District's overall financial position continues to be affected by the implementation of the GASB 68 requirement to begin recording the Unfunded Accrued Liability of the District's pension plan, as well as the sometimes-unpredictable water sales. Increased water sales and continued implementation of several cost saving measures the District managed to increase our reserve balance in the 2019-20 fiscal year.

Analysis of Net Position – Net Position is the difference between assets acquired, owned, and operated by the District and amounts owed (liabilities). In accordance with Generally Accepted Accounting Principles (GAAP), capital assets acquired through purchase, or construction by the District, are recorded at historical cost. Capital assets contributed by developers are recorded at developers' construction cost. Net Position represents the District's net worth including, but not limited to, capital contributions received to date and all investment in capital assets since formation. Net Position helps answer the following question: "Is the District, as a whole, better or worse off as a result of this year's activities?" As reported in the Statements of Net Position, the net position increased between fiscal years ending 2019 and 2020 from \$16,390,640to \$16,915,321. Net investment in capital assets increased \$181,641, and unrestricted net position increased \$566,993.

### ANALYSIS OF GOVERNMENTAL FUND AND GOVERNMENTAL ACTIVITIES – FIRE FUND

The District's fire protection fund to the government-wide financial statements has no reconciling items from the modified accrual to a full accrual basis. The information below provides an analysis of the increases or decreases in the activities for the governmental fund and governmental activities since the information on both the government-wide and fund statements reflect the same reported figures.

The key factors in the decrease of the Fire Protection Activities net assets and fund balance is as follows:

• The Fire Protection District was consolidated with the County of San Diego's Fire Protection CSA 135, all financial responsibility, net assets and fund balances were transferred to the County.

## ANALYSIS OF PROPRIETARY FUND AND BUSINESS-TYPE ACTIVITIES - WATER OPERATIONS

The District's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail. Below is an analysis of the increases or decreases in the activities for the proprietary fund and business-type activities.

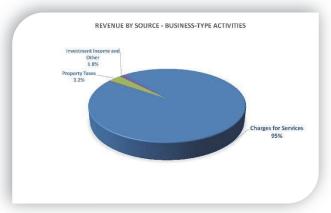

Statement of Revenues, Expenses, and Changes in Net Position - The Statement of Revenues, Expenses, and Changes in Net Position summarizes the District's operations during the year. In accordance with Generally Accepted Accounting Principles (GAAP), revenues are recognized (recorded) when services are provided, and expenses are recognized when incurred. Operating revenues and expenses are related to the District's core activities. Non-operating revenues and expenses are not directly related to the core activities of the District (e.g. interest income, property taxes, and interest expenses). The operating margin for the year ended June 30, 2020 of (\$137,655) is combined with total non-operating revenues of \$981,624 non-operating expenses of \$142,433, capital contributions of \$30,992 and transfers of \$16,106 to arrive at the increase in net position of \$748,634. The increase in net position is added to the adjusted beginning net position of \$16,166,687 to arrive at the ending net position total of \$16,915,321 as of June 30, 2020.

# Change in Net Position & Analysis of Statement of Revenues, Expenses, and Changes in Net Position

The District's total revenues of \$15,085,050 for the 2019-20 fiscal year is comprised of \$14,103,426 for Operating and \$981,624 for Non-Operating Revenues. The annual revenue increased \$1,363,730 or 9.9% from the prior fiscal year due to multiple factors. The largest increase was within the Operating Revenues category and is directly associated with increased water sales.

Details of the total increase in revenues are as follows:

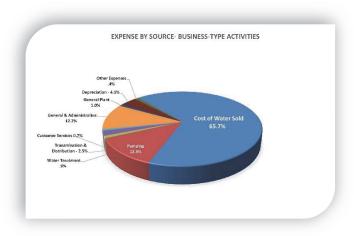

- Water Sales including associated customer fees and charges increased by \$1,282,082, or 10% for the fiscal year ended June 30, 2020.
- Other Non-Operating Revenues increased by \$81,648 or 9.1%, from 2018-19 to 2019-20.

The District's total expenses increased by \$880,909 or 6.5% in 2019-20, from \$13,502,605 to \$14,383,514. The largest increase occurred within the Operating Expenses; specifically, the categories of Cost of Water Sold and Water Treatment.

Details of the total increase in expenses are as follows:

- The Cost of Water Sold realized an increase \$753,423 or 8.5%. This increase was specifically due to the cost increase of water purchased from the San Diego County Water Authority.
- The Water Treatment costs only realized an increase of \$18,783; however, this small amount equates to a 15.1% increase due to the fact that Water Treatment costs are a small percentage of the total cost of water service.

Statement of Cash Flows- The Statements of Cash Flows present the amounts of cash provided or used by the District's operating, financing, and investment activities during the reporting period. Every cash flow has been categorized as one of the following activities: operating, noncapital financing, capital and related financing, or investing. The primary purpose of this report is to provide information to the general readers about cash inflows and outflows which occurred during the reporting fiscal year. The Cash Flow statement helps the readers to answer the following questions: "Where did cash come from; what was cash used for and what was the change in cash during the fiscal year?" The total of these categories for the year ended June 30, 2020, represents an increase in cash and cash equivalents of \$1,657,491 which is combined with beginning cash and cash equivalents of \$3,542,635 to arrive at ending cash and cash equivalents of \$5,200,126.

#### NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 20 - 51 of this report. The government-wide financial statements can be found on pages 12 - 14 of this report.

#### **OTHER INFORMATION**

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the Yuima Municipal Water District's progress in funding its obligation to provide pension and OPEB benefits to its employees. Also included is the required budget to actual schedule of the fire protection fund. Required supplementary information can be found on pages 52 - 57 of this report.

#### CAPITAL ASSETS AND CAPITAL PROJECTS

The District's Capital Assets in service at June 30, 2020 totaled \$29,368,033 less \$12,069,017 of accumulated depreciation, for a net book value of \$17,299,016. Additional information on capital assets can be found in Note 4 to the financial statements. Capital Asset additions being depreciated totaled \$308,773 and included the following:

| Capital Asset Additions                 |    |        |    |         |    |         |

The District's capital assets were financed through a combination of current revenues, available reserves from the capital fund and capacity (connection fee) fund, and debt issuances. The District collects capacity fees from new development. These fees are restricted and used exclusively to provide capacity to service new development and fund future construction of facilities identified in the District's Master Plan. As of June 30, 2020, all capacity fees collected in prior years have been used for this purpose. Growth in the area is slow to none. The District does not expect any change in growth in the area for the next few years. The District's CIP is expected to fluctuate from year to year depending on the construction cost of infrastructure projects that are currently under construction or are in the planning stages.

#### LONG-TERM DEBT

At the end of the current fiscal year, the Yuima Municipal Water District had total debt outstanding of \$8,446,335 including \$315,422 which is the portion that is due within one year. Also included in the total amount is \$136,219 of Compensated Absences. The District issued new debt in 2019/20 in the amount of \$5,000,000 to finance the design and construction of the replacement Forebay Pump Station. The additional debt associated with Capital Projects was incurred to finance the replacement of several tanks which includes Reservoir 8 with a capacity of 1.7 million gallons and pump station as well as the Zone 4 Tank with a capacity of 1.2 million gallons. The remaining debt was incurred as a result of the required implementation of GASB 68. Additional information on long-term debt can be found in Notes 1 & 5 to the financial statements.

The District's outstanding bond indebtedness as of June 30, 2020 is as follows:

| Fiscal Year Ended June 30, 2020<br>Long-term Debt |           |        |             |                   |                   |                             |             |              |

#### **FUTURE INFRASTRUCTURE PLANNING**

The future water supply of the District is primarily secured through the importation of water purchased from the San Diego County Water Authority ("SDCWA"). Approximately seventy percent (70%) of the District's water supply was provided through the intertie with the SDCWA for imported water. Groundwater production will continue to be a challenge for the District, and most water agencies in the State that have access to groundwater, as the recently enacted Sustainable Groundwater Management Act ("SGMA") is being implemented and will require water agencies in basins which are not in balance to reduce their pumping in conformance with the SGMA objective of realizing sustainable groundwater basins; the primary effect being the reduction in the utilization of groundwater wells to achieve and maintain the balance between groundwater recharge and withdraws. The District is working with the SDCWA and the Valley Center Municipal Water District to provide for the six to eight (6-8) cubic feet per second of additional supply to the YMWD service area for use as needed to supplement current supplies through the present intertie to the SDCWA. The additional imported water supply will be available for the summer, 2021.

Additionally, the District will be updating its Facility Master Plan in the 2020/21 year. As part of the Master Plan development the District intends to research ways to reduce costs through the development of solar power to offset the ever-increasing cost of operating the potable water system. The District is continually committed to providing safe, reliable, sustainable supplies of water for the customers it serves.

#### **ECONOMIC FACTORS**

The District derives funding for operations from customer rates, fees, and charges. To the extent required, the District has the ability to generate additional funding resources through rate adjustments to cover the costs for providing water services. The District sets its rates annually based upon anticipated consumption. A significant reduction in consumption could have an adverse effect on the District's financial position. Listed below are a few highlights of the economic factors that impact our District.

- The District sold 31.98% of total water delivered during the fiscal year 2019-20 to one customer. This same customer has been one of the top ten water consumers in the District for the last 22 years.
- The District realized a \$748,634 operating gain during fiscal year 2019-20 as compared to a \$300,959 operating gain during fiscal year 2018-19.
- In fiscal year 2019-20, the District purchased 67% of its water sold from the San Diego County Water Authority, this is a 6% decrease compared to fiscal year 2018-19.
- The District has invested significantly in upgrading its aging infrastructure to improve the reliability of water delivery to its customers as the District becomes more dependable on imported water supply from the San Diego County Water Authority. Keeping the District's financial position strong will be critical in the future as increased capital spending will be required. The District will also seek to enter into possible well agreements with customers to increase local production while possibly reducing imported supply at no cost to the District.
- The District has implemented several cost containment strategies to mitigate pension burdens on the District. Yuima MWD employees are now paying 100% of the employee's portion (8%) of the District's pension costs. Additionally, through attrition, and job description redevelopment the district has been able to eliminate or replace higher paying positions to realize costs savings.

#### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's rate payers, bond investors and other interested parties with a general overview of the District's finances, and to demonstrate the District's accountability for the money it received and the stewardship of the facilities it maintains. If you have any questions about this report or need additional financial information, contact the Yuima Municipal Water District's Finance Department, Amy Reeh, Interim General Manager / Finance Manager, 34928 Valley Center Road, Pauma Valley, Ca. 92061, or call (760) 742-3704, or send inquiries to our website at www.yuimamwd.com.

#### A) REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES

#### A) Reporting Entity

The Yuima Municipal Water District (the "District") was formed in January 1963 pursuant to Section 8 of the California Municipal Water District Act of 1911 to improve the delivery of agricultural and domestic water services, and to facilitate the acquisition of a supplemental water supply from the Metropolitan Water District of California within its boundaries. The District is governed by an elected, five-member Board of Directors (the "Board"). The 1963 General Obligation Bonds financed the construction of the necessary pipelines, pumping and storage facilities to bring Colorado River water from the aqueducts owned by the Metropolitan Water District and the San Diego County Water Authority to serve the properties within its boundaries, which cover about 13,460 acres in northeastern San Diego County, California; the District maintains, develops and manages such water distribution system. The District offices are located in Pauma Valley, California.

The area now known as "Improvement District A" (IDA) was originally known as Rossmoyne Villages ("Rossmoyne"). The Palomar Mutual Water Company ("Palomar Mutual") became Rossmoyne's successor in interest through an agreement dated February 11, 1948. In turn, Palomar Mutual transferred all of its water rights, lands and water system, together with its functions and obligations, to the District in April, 1968.

Among the transferred obligations was a stipulated judgment (*Strub et al. v Palomar* or "*Strub et al.*"), filed November 10, 1953 and later modified, that provides for the net delivery to IDA of no more than 1,350 acre-feet of water per calendar year from the San Luis Rey River upstream of Cole Grade Road.

The District, as successor in interest to Palomar Mutual, continues to operate IDA as an independent water system (California State System No. 3700938). While the District is responsible for administering IDA's compliance with *Strub et al.*, that stipulated judgment does not affect or bind the 70% of the District which is outside of IDA and which operates under a separate system permit (California State System No. 3701408).

The District added another 351 acres, Annexation #1, in November 1967, and another 63 acres, Annexation #2, in November 1969, by revising its boundaries pursuant to the Reorganization Act of 1965 as amended by LAFCO. The District added another six acres, Fitzsimmons Annexation, on March 26, 1991, and de-annexed 27 acres, Adams Deannexation, on March 29, 1991. Hence the District boundaries total 13,460 acres.

The Board of Directors and officers of the District at June 30, 2020 are as follows:

| Name             | Title               | Term Expiration |  |  |  |
|------------------|---------------------|-----------------|--|--|--|
|                  |                     | •               |  |  |  |

#### 1) REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES - Continued

#### B) Implementation of Governmental Accounting Standards Board (GASB) Pronouncements

#### Governmental Accounting Standard Board Statement No. 84

In January of 2017, GASB issued Statement No. 84, *Fiduciary Activities*. This Statement was issued to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes. This Statement establishes the criteria for identifying fiduciary activities which should be reported in a fiduciary fund in the basic financial statements. The fiduciary funds that should be reported, if applicable: a) pensions trust funds, b) investment trust funds, c) private purpose trust funds, d) custodial funds. Statement No. 84 is effective for reporting periods beginning after December 15, 2018. Due to the COVID-19 pandemic, GASB No. 95 delayed the implementation of this Statement by one year for reporting periods beginning after December 15, 2019. The District has elected not to early implement GASB No. 84 and has not determined its effect on the District's financial statements.

#### Governmental Accounting Standard Board Statement No. 87

In June of 2017, GASB issued Statement No. 87, *Leases*. The intent of this Statement is to improve accounting and financial reporting for government leases by requiring recognition of certain lease assets and liabilities for leases that were previously classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. This Statement establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. This Statement is effective for reporting periods beginning after December 15, 2019. Due to the COVID-19 pandemic, GASB No. 95 delayed the implementation of this Statement for reporting periods beginning after June 15, 2021. The District has elected not to early implement GASB No. 87 and has not determined its effect on the District's financial statements.

## Governmental Accounting Standard Board Statement No. 89

In June of 2018, GASB issued Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period. This Statement was issued to (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. Statement No. 89 is effective for fiscal years beginning after December 15, 2019. Due to the COVID-19 pandemic, GASB No. 95 delayed the implementation of this Statement by one year for reporting periods beginning after December 15, 2020. The District has elected not to early implement GASB No. 89 and has not determined its effect on the District's financial statements.

Year Ended June 30, 2020

#### 1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### B) Implementation of Governmental Accounting Standards Board (GASB) Pronouncements - Continued

#### Governmental Accounting Standard Board Statement No. 90

In August of 2018, GASB issued Statement No. 90, *Majority Equity Interests, an amendment of GASB Statements No. 14 and No. 61*. This Statement was issued to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. This Statement defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value. Statement No. 90 is effective for fiscal years beginning after December 15, 2018. Due to the COVID-19 pandemic, GASB No. 95 delayed the implementation of this Statement by one year for reporting periods beginning after December 15, 2029. The District has elected not to early implement GASB No. 90 and has not determined its effect on the District's financial statements.

#### Governmental Accounting Standard Board Statement No. 91

In May of 2019, GASB issued Statement No. 91, Conduit Debt Obligations. This statement was issued to improve financial reporting for certain debt obligations. It allowed entities to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. Statement No. 91 is effective for fiscal years beginning December 15, 2020. Due to the COVID-19 pandemic, GASB No. 95 delayed the implementation of this Statement by one year for reporting periods beginning after December 15, 2021. The District has elected not to early implement GASB No. 91 and has not determined its effect on the District's financial statements.

#### Governmental Accounting Standard Board Statement No. 92

In January of 2020, GASB issued Statement No. 92, *Omnibus 2020*. This statement was issued to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This includes GASB Statement No. 87, GASB Statement No. 73, GASB Statement No. 74, GASB Statement No. 84 and the measurement of liabilities (and assets, if any) related to asset retirement obligations (AROs) in a government acquisition as well as other specific provisions. The requirements related to GASB Statement No. 87 are effective upon the issuance date of Statement No. 92. All other requirements are effective for reporting periods beginning after June 15, 2020. Due to the COVID-19 pandemic, GASB Statement No. 95 delayed the implementation of this GASB Statement for paragraphs 6-10 and 12 for reporting periods beginning after June 15, 2021. The District has elected not to early implement GASB No. 92 and has not determined its effect on the District's financial statements.

Year Ended June 30, 2020

#### 1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### B) Implementation of Governmental Accounting Standards Board (GASB) Pronouncements - Continued

#### Governmental Accounting Standard Board Statement No. 93

In March of 2020, GASB issued Statement No. 93, Replacement of Interbank Offered Rates. The objective of this statement is to address those and other accounting and financial reporting implications that results from the replacement of an Interbank Offered Rates (IBOR). The removal of the London Interbank Offered Rate (LIBOR) as an appropriate benchmark interest rate is effective for reporting periods ending after December 31, 2021. All other requirements are effective for reporting periods beginning after June 15, 2020. Due to the COVID-19 pandemic, GASB Statement No. 95 delayed the implementation of this GASB Statement for paragraphs 13 and 14 for fiscal years beginning after June 15, 2021, and all reporting periods thereafter. The District has elected not to early implement GASB No. 93 and has not determined its effect on the District's financial statements.

#### Governmental Accounting Standard Board Statement No. 94

In March of 2020, GASB issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The objective of this statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). Statement No. 94 is effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The District has elected not to early implement GASB No. 94 and has not determined its effect on the District's financial statements.

#### Governmental Accounting Standard Board Statement No. 95

In May of 2020, GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The objective of this statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic by postponing the effective dates of certain provisions in Statements and Implementation Guides which are as follows:

- a. Statement 83 Reporting periods beginning after June 15, 2019.
- b. Statement 84 and Implementation Guide 2019-2 Reporting periods beginning after December 15, 2019.
- c. Statement 87 and Implementation Guide 2019-3 Fiscal years beginning after June 15, 2021, and all reporting periods thereafter.
- d. Statement 88 Reporting periods beginning after June 15, 2019.
- e. Statement 89 Reporting periods beginning after December 15, 2020.
- f. Statement 90 Reporting periods beginning after December 15, 2019.
- g. Statement 91 Reporting periods beginning after December 15, 2021.
- h. Statement 92, paragraphs 6 and 7 Fiscal years beginning after June 15, 2021.
- i. Statement 92, paragraphs 8, 9, and 12 Reporting periods beginning after June 15, 2021.
- j. Statement 92, paragraph 10 Government acquisitions occurring in reporting periods beginning after June 15, 2021.
- k. Statement 93, paragraphs 13 and 14 Fiscal years beginning after June 15, 2021, and all reporting periods thereafter.
- 1. Implementation Guide 2017-3, Questions 4.484 and 4.491 The first reporting period in which the measurement date of the (collective) net OPEB liability is on or after June 15, 2019.

Year Ended June 30, 2020

# 1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### B) Implementation of Governmental Accounting Standards Board (GASB) Pronouncements - Continued

Governmental Accounting Standard Board Statement No. 95 - Continued

- m. Implementation Guide 2017-3, Questions 4.85, 4.103, 4.108, 4.109, 4.225, 4.239, 4.244, 4.245, and 5.1-5.4 Actuarial valuations as of December 15, 2018, or later.
- n. Implementation Guide 2018-1 Reporting periods beginning after June 15, 2019.
- o. Implementation Guide 2019-1- Reporting periods beginning after June 15, 2020.

Statement No. 95 is effective immediately. The City has elected to delay certain provisions in the GASB Statements as allowed by GASB Statement No. 95.

#### Governmental Accounting Standard Board Statement No. 96

In May of 2020, GASB issued Statement No. 96, Subscription-Based Information Technology Arrangements. This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangement (SBITAs) for government end users (governments). Statement No. 95 is effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The District has elected not to early implement GASB No. 96 and has not determined its effect on the District's financial statements.

#### Governmental Accounting Standard Board Statement No. 97

In June of 2020, GASB issued Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans. The objective of this statement is to (1) increase consistency and comparability related to the reporting of fiduciary component units; (2) mitigate costs associated with the reporting of certain defined pension and OPEB plans as fiduciary component units; and (3) enhance the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans. The requirements of this Statement that (1) exempt primary governments that perform the duties that a governing board typically performs from treating the absence of a governing board the same as the appointment of a voting majority of a governing board in determining whether they are financially accountable for defined contribution pension plans, defined contribution OPEB plans, or other employee benefit plans and (2) limit the applicability of the financial burden criterion in paragraph 7 of Statement 84 to defined benefit pension plans and defined benefit OPEB plans that are administered through trusts that meet the criteria in paragraph 3 of Statement 67 or paragraph 3 of Statement 74, respectively, are effective immediately. All other requirements are effective for fiscal years beginning after June 15, 2021. The District has elected not to early implement GASB No. 97 and has not determined its effect on the District's financial statements.

#### C) Basis of Presentation

The basic financial statements of the Yuima Municipal Water District have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"). The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for governmental accounting and financial reporting purposes.

Year Ended June 30, 2020

#### 1) REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES - Continued

#### C) Basis of Presentation - Continued

These statements require that the financial statements described below be presented:

Government-wide Statements: The Government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of inter-fund activity has been removed from these statements except for interfund services provided and used. Elimination of these amounts would distort the direct costs and program revenues reported for various functions concerned. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are expenses that are clearly identifiable with a specific program, project, function or segment. Program revenues of the District include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Taxes and other items that are properly not included among program revenues are reported instead as general revenues.

Fund Financial Statements: Separate financial statements are provided for the governmental fund and proprietary fund.

#### D) Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred outflows/inflows of resources, fund equity, revenues and expenditures or expenses, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds of the primary government are grouped, in the financial statements in this report, into two generic fund types and two broad fund categories as follows:

Proprietary Funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The District has one type of Proprietary Fund, which is an Enterprise Fund.

Enterprise Funds are used to account for operations where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. The District maintains one Enterprise Fund, the Water Department, to account for the operations of the District's utility services.

Year Ended June 30, 2020

#### 1) REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES - Continued

#### D) Measurement Focus, Basis of Accounting and Financial Statement Presentation - Continued

*Proprietary Funds* distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Funds are used to account for the District's Fire activities. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Taxes, intergovernmental revenues, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual, and are therefore recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District has one Special Revenue Governmental Fund, which is the Fire Protection Fund. The Fire Protection Fund is used to account for all financial resources and expenditures used to provide fire protection services within the boundaries of the District. On September 11, 2019, the San Diego County Local Agency Formation Commission (LAFCO) approved for the County of San Diego to take over these services provided by the District.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, and then use unrestricted resources as they are needed.

# E) Reconciliation Between the Governmental Fund Financial Statements and Government-wide Statements

The District has one governmental fund that provides fire protection services through the California Department of Forestry. These services are paid for through special assessments. The District currently has no capital assets, long-term debt or other reconciling items necessary to reconcile between the Governmental fund financial statements and the Government-wide statements.

#### F) Cash, Cash Equivalents and Restricted Cash

For purposes of the statement of cash flows, cash and cash equivalents consists of short-term highly liquid investments with maturities of 90 days or less at the date of purchase. Restricted cash represents unspent proceeds from the 2019 Installment Note payable required to be used on the Forebay Pump Station project.

Year Ended June 30, 2020

#### 1) REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES - Continued

#### G) Investments

As a governmental entity other than an external investment pool in accordance with GASB 31, the District's investments are stated at fair value.

In applying GASB 31, the District utilized the following methods and assumptions:

- 1) Fair value is based on quoted market prices as of the valuation date;
- 2) The portfolio did not hold investments in any of the following:
  - a) Items required to be reported at amortized cost,
  - b) Items in external pools that are not SEC-registered (excluding government sponsored pools),
  - c) Items subject to involuntary participation in an external pool,
  - d) Items associated with a fund other than the fund to which the income is assigned;
- 3) Any unrealized gain/loss resulting from the valuation will be recognized within the related fund to the extent its cash and investments' balance exceeds the cumulative value of those investments subject to GASB 31;
- 4) The gain/loss resulting from valuation will be reported within the revenue account "investment earnings" on the Statement of Activities and the Statement of Revenues, Expenditures and Changes in Fund Balance for Governmental Funds. For Proprietary Fund Types the gain/loss from valuation will be reported within the "investment earnings" account on the Statement of Activities and the Statement of Revenues, Expenses and Changes in Net Position for Proprietary Funds.

#### H) Water Sales and Accounts Receivable

Water sales revenue is recorded and billed monthly when the service is rendered. During the year ended June 30, 2020, the District reported water sales to one customer which totaled approximately 31.98% as a percentage of consumption. Management has not incurred any additional expense to serve this customer, and the District has more than one source of supply to meet its needs.

#### I) Allowance for Uncollectible Accounts

The District does not provide an allowance for uncollectible accounts. Based upon prior experience and management's assessment of the collectability of existing specific accounts all past due accounts have been paid. When accounts become past due, they are transferred to the tax roll and eventually collected.

#### J) Inventories and Prepaids

Inventory consists of parts, materials and supplies needed to keep the plant and equipment owned by the District in efficient operating condition to supply water to their customers without interruption of such service. It is valued at cost, and when it is used, it is charged out on the first in, first out basis. Water inventory is stated at its purchase cost using first in, first out method.

Year Ended June 30, 2020

#### 1) REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES - Continued

#### J) Inventories and Prepaids - Continued

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in the financial statements. The cost of prepaid items is recorded as expenses when consumed rather than when purchased.

#### K) Capital Assets

Capital assets of the District are recorded at cost, or if donated, valued at their estimated acquisition value rather than fair market value on the date contributed. Contributed assets are recorded at the developer's cost or at the value determined by the developer at the date of contribution. The District does not capitalize interest costs incurred on the construction of capital assets. Capital assets purchased in excess of \$2,000 are capitalized if they have an expected useful life greater than one year.

Assets are depreciated using the straight-line method over their estimated useful lives as follows:

|                               | <u>Years</u> |
|-------------------------------|--------------|
| General Plant                 | 5-30         |
| Source of Supply              | 10-50        |
| Pumping Plant                 | 25           |
| Water Treatment Plant         | $33^{1/3}$   |
| Transmission and Distribution | $33^{1/3}$   |

#### L) Compensated Absences

It is the District's policy to permit employees to accumulate earned but unused vacation, sick, comp and other leave benefits. Sick leave, upon termination, separation or retirement will be paid out at a rate of 50% of the accumulated balance. All other leave balances are paid 100% upon termination, separation or retirement. The accrued liabilities for compensated absences are reflected in the government-wide and proprietary fund financial statements. Currently, there are no compensated absences associated with the governmental activities.

## M) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The District has deferred outflows related to pensions and other postemployment benefits. This includes pension contributions subsequent to the measurement date of the net pension liability, other postemployment benefits contributions subsequent to the measurement date of the net OPEB liability (asset), and other amounts (see Notes 6 and 7), which are amortized by an actuarial determined period.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The District has deferred inflows related to pensions and other postemployment benefits. These amounts (see Notes 6 and 7) are amortized by an actuarial determined period.

Year Ended June 30, 2020

#### 1) REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES - Continued

#### N) Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District's California Public Employees' Retirement System (CalPERS) plan (Plan) and additional to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### O) Other Postemployment Benefits (OPEB)

For purposes of measuring the net OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

Generally accepted accounting principles require that the reported results must pertain to lability and asset information within certain defined timeframes. For this report, the following timeframes are used.

Valuation Date June 30, 2019
Measurement Date June 30, 2019
Measurement Period July 1, 2018 to June 30, 2019

#### P) Net Position

GASB No. 63 requires that the difference between assets, liabilities and deferred outflows/inflows of resources be reported as net position. Net position is classified as either net investment in capital assets, restricted, or unrestricted.

Net position classified as net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding principal of related debt. Restricted net position is the net position that has external constraints placed on them by creditors, grantors, contributors, laws, or regulations of other governments, or through constitutional provisions, or enabling legislation. Unrestricted net position consists of net position that does not meet the definition of net investment in capital assets or restricted net position.

#### Q) Fund Equity

Fund balance in governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first and then use unrestricted resources as they are needed. Similarly, when an expenditure is incurred for purposes for which amounts in any of the unrestricted classifications of fund balance could be used, the District considers committed amounts to be reduced first, followed by assigned amounts and then unassigned amounts.

Year Ended June 30, 2020

# 1) REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES - Continued

#### Q) Fund Equity - Continued

*Nonspendable Fund Balance* - Includes amounts that cannot be spent because they are either not in spendable form, or, for legal or contractual reasons, must be kept intact.

Restricted Fund Balance - Constraints placed on the use of these resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or other governments; or are imposed by law (through constitutional provisions or enabling legislation).

Committed Fund Balance - Amounts that can only be used for specific purposes because of a formal action (ordinance) by the government's highest level of decision-making authority. The Board of Directors is the highest level of decision-making authority for the District that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken to remove or revise the limitation.

Assigned Fund Balance - Amounts that are constrained by the District's intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the governing body, another body, or by an official to whom the authority has been given. The Board of Directors has by resolution the authority to assign fund balance. However, unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment.

*Unassigned Fund Balance* - These are either residual positive net resources of the General Fund in excess of what can properly be classified in one of the other categories, or negative balances in all other funds.

#### R) Property Tax

Property taxes are assessed and collected each fiscal year according to the following property tax calendar:

| Lien Date        | January           |                             |
|------------------|-------------------|-----------------------------|
| Levy Year        | July 1 to June 30 |                             |
| Due Dates        | November 1        | 1st Installment             |
|                  | February 1        | 2 <sup>nd</sup> Installment |
| Delinquent Dates | December 10       | 1st Installment             |
|                  | April 10          | 2 <sup>nd</sup> Installment |

Under California law, property taxes and other charges (such as assessments) are assessed and collected by counties up to 1% of assessed value, plus other increases approved by voters. Property tax revenues are pooled and then allocated to entities based on complex formulas prescribed by state statutes.

#### S) Capitalized Expenses

Certain administrative and general expenses, relating to assets under construction, are charged to construction in progress until the assets are ready for their intended use. Upon completion of major utility plant additions, the capitalized cost is recorded as part of the asset to which it is related and is depreciated over the estimated useful life of the related asset.

Year Ended June 30, 2020

# 1) REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES - Continued

#### T) Use of Estimates

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and necessarily include amounts based on estimates and assumptions by Management. Actual results could differ from those estimates.

#### 2) CASH AND INVESTMENTS

#### **Cash and Investments**

Cash and Investments are classified in the accompanying financial statements as follows:

|                         | Statement of Net Position:           |           |           |
|-------------------------|--------------------------------------|-----------|-----------|
|                         | Cash and Investments                 | \$        | 5,556,112 |
|                         | Restricted Cash                      |           | 1,422,034 |
|                         | Total Cash and Investments           | <u>\$</u> | 6,978,146 |
| Cash and investments co | onsist of the following:             |           |           |
|                         | Cash on Hand                         | \$        | 500       |
|                         | Deposits with Financial Institutions |           | 1,681,350 |
|                         | Investments                          |           | 5,296,296 |
|                         | Total Cash and Investments           | \$        | 6,978,146 |

# Investments Authorized by the California Government Code and the District's Investment Policy

The table below identifies the investment types that are authorized by the District's investment policy. The table also identifies certain provisions of the California Government Code (or the District's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk.

|                                     |          | Maximum         | Maximum       |
|-------------------------------------|----------|-----------------|---------------|
| Authorized                          | Maximum  | Percentage      | Investment    |
| Investment Type                     | Maturity | Of Portfolio(1) | In One Issuer |
|                                     |          |                 |               |
| Local Agency Bonds                  | 5 years  | None            | None          |
| U.S. Treasury Obligations           | 5 years  | None            | None          |
| U.S. Agency Securities              | 5 years  | None            | None          |
| Negotiable Certificates of Deposit  | 1 year   | 30%             | None          |
| Local Agency Investment Fund (LAIF) | N/A      | None            | None          |
| JPA Pools (Other Investment Pools)  | N/A      | None            | None          |
|                                     |          |                 |               |

<sup>(1)</sup> Excluding amounts held by bond trustee that are not subject to California Government Code Restrictions.

Year Ended June 30, 2020

#### 2) CASH AND INVESTMENTS - Continued

#### **Disclosures Relating to Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

As of June 30, 2020, the District had the following investments:

|                                                     |                            | Maturity Date    | Weighted Average Maturity (Years) |
|-----------------------------------------------------|----------------------------|------------------|-----------------------------------|
| State Investment Pool (LAIF) U.S. Agency Securities | \$<br>4,996,554<br>299,742 | N/A<br>9/10/2024 | 0.67<br>5.0                       |
| Total                                               | \$<br>5,296,296            |                  |                                   |

<sup>\*</sup> The District has various non-negotiable Certificates of Deposit with various maturity dates; however, these amounts are considered to be deposits with institutions rather than investments.

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code or the District's investment policy, or debt agreements, and the actual rating as of year end for each investment type.

|                              |                 | Minimum |            | Exempt            |    | Rat |    | Rating as of Year End |    |           |
|------------------------------|-----------------|---------|------------|-------------------|----|-----|----|-----------------------|----|-----------|

#### **Concentration of Credit Risk**

The investment policy of the District contains no limitation on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. Investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total District investments:

| Issuer    | Investment Type        | Reported Amount |         |  |
|-----------|------------------------|-----------------|---------|--|
| FFCB Bond | U.S. Agency Securities | \$              | 299,742 |  |

Year Ended June 30, 2020

#### 2) CASH AND INVESTMENTS - Continued

#### **Custodial Credit Risk**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provisions for deposits and investments: The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure District deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. Negotiable certificates of deposits must be fully insured and have a rating of satisfactory or better.

As of June 30, 2020, none of the District's deposits with financial institutions that were in excess of federal depository insurance limits were held in uncollaterized accounts.

#### **Local Agency Investment Fund (LAIF)**

The yield of LAIF for the quarter ended June 30, 2020 was 1.47%. The estimated amortized cost and fair value of the LAIF Pool at June 30, 2020 was \$101,110,343,833 and \$101,607,078,218, respectively. The District's share of the Pool at June 30, 2020 was approximately 0.005213 percent.

The LAIF is a special fund of the California State Treasury through which local governments may pool investments. It is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. Each district may invest up to \$75,000,000 in the Fund. Investments in LAIF are highly liquid, as deposits can be converted to cash within twenty-four hours without loss of interest. Investments in LAIF are secured by the full faith and credit of the State of California. The fair value of the District's investment in this Pool is reported in the accompanying financial statements based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio. The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Included in LAIF's investment portfolio are certain derivative securities or similar products in the form of structured notes totaling \$1,725,000,000 and asset-backed securities totaling \$1,675,408,000. LAIF's (and the District's) exposure to risk (credit, market or legal) is not currently available.

Year Ended June 30, 2020

#### 3) FAIR VALUE MEASUREMENTS

Governmental Accounting Standards Board (GASB) Statement No. 72, Fair Value Measurements and Application, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value with Level 1 given the highest priority and Level 3 the lowest priority. The three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the organization has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include the following:

- a. Quoted prices for similar assets or liabilities in active markets.
- b. Quoted prices for identical or similar assets or liabilities in markets that are not active.
- c. Inputs other than quoted prices that are observable for the asset or liability (for example, interest rates and yield curves observable at commonly quoted intervals, volatilities, prepayment speeds, loss severities, credit risks, and default rates).
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means (market-corroborated inputs).

Level 3 inputs are unobservable inputs for the asset or liability.

Fair value of assets measured on a recurring basis, are as follows:

|                                                                  | Fair Value                 | U  | ncategorized | Obse | orificant Other ervable Inputs (Level 2) |
|------------------------------------------------------------------|----------------------------|----|--------------|------|------------------------------------------|
| Investments: State Investment Pool (LAIF) U.S. Agency Securities | \$<br>4,996,554<br>299,742 | \$ | 4,996,554    | \$   | 299,742                                  |
| Total Investments                                                | \$<br>5,296,296            | \$ | 4,996,554    | \$   | 299,742                                  |

The State Investment Pool (LAIF) is exempt under GASB No. 72 fair value measurements. The District uses the market approach for Level 2 investments by using information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities. Less actively traded securities use valuation models, such as a matrix pricing technique, by comparing the securities' relationship to other benchmark quoted securities or the most recent price obtained from the market.

Year Ended June 30, 2020

# 4) CAPITAL ASSETS

Capital asset activity for the year was as follows:

|                                          | Beginning Balance |              |    | Increases |    | Decreases |    | Ending<br>Balance |

# 5) LONG-TERM LIABILITIES - Continued

**Direct Borrowing - Notes Payable - 2013 Installment Note -** In July 2013, the District entered into a Loan and Installment Sale agreement with City National Bank for \$2,420,000 with interest rate of 2.35% - 3.55%. The agreement is to provide financing for the refinancing of two installment sale agreements and for the acquisition and construction of a 1.2 million gallon water storage tank and pump station. In the event of default, any outstanding amounts become immediately due and payable. The payments are due in semiannual installments commencing July 15, 2014 through July 15, 2033. The District only borrowed \$2,372,463 of the \$2,420,000 Installment Note since it made an additional debt service payment on the 2007 Installment Note before it was refinanced.

#### **Pledged Revenues**

The District has pledged a portion of future water activities revenues to repay its 2013 Installment Note payable to City National Bank under the agreement with Municipal Finance Corporation. The note payable is secured solely by operating revenues from the proprietary fund. Total principal and interest remaining on the note payable is \$1,176,657 payable through fiscal year 2034. For the current year, principal and interest paid by the operating revenues were \$156,917 and \$35,526, respectively.

Year Ended June 30, 2020

#### 5) LONG-TERM LIABILITIES - Continued

**Direct Borrowing - Notes Payable - 2019 Installment Note -** In November 2019, the District entered into an Installment Purchase agreement with BBVA USA for \$5,000,000 with an interest rate of 2.66%. The agreement is to provide financing for the acquisition and construction of the Forebay Pump Station. In the event of default, any outstanding amounts become immediately due and payable. The payments are due in semiannual installments commencing January 15, 2020 through July 15, 2039.

#### **Pledged Revenues**

The District has pledged a portion of future water activities revenues to repay its 2019 Installment Note payable to BBVA USA. The note payable is secured solely by operating revenues from the proprietary fund. Total principal and interest remaining on the note payable is \$6,463,200 payable through fiscal year 2040. For the current year, there was no principal due and interest paid by the operating revenues was \$24,753.

#### 6) PENSION PLANS

#### A) General Information about the Pension Plans

#### Plan Descriptions

All qualified permanent and probationary employees are eligible to participate in the Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (Plan) administered by the California Public Employees' Retirement System (CalPERS). The Plan consists of individual rate plans (benefit tiers) within a safety risk pool (police and fire) and a miscellaneous risk pool (all other). Plan assets may be used to pay benefits for any employer rate plan of the safety and miscellaneous pools. Accordingly, rate plans within the safety or miscellaneous pools are not separate plans under GASB Statement No. 68. Individual employers may sponsor more than one rate plan in the miscellaneous or safety risk pools. Currently, the District only sponsors rate plans in the miscellaneous risk pools. Benefit provisions under the Plan are established by State statute and District resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding provisions, assumptions and membership information that can be found on the CalPERS website.

Year Ended June 30, 2020

#### 6) PENSION PLANS - Continued

#### A) General Information about the Pension Plans - Continued

#### Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of fulltime employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The rate plan provisions and benefits in effect at June 30, 2020, are summarized as follows:

|                                                   | Miscellaneous    |                  |  |  |

| Required Employer Contribution Rates              | 14.398%          | 6.985%           |  |  |

## **Contributions**

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

The District's contributions to the Plan for the year ended June 30, 2020 were \$225,665.

#### B) Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

The District reported net pension liability for its proportionate shares of the net pension liability of the Plan of \$2,279,573.

Year Ended June 30, 2020

#### 6) PENSION PLANS - Continued

# B) Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions - Continued

The District's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of each of the Plan is measured as of June 30, 2019, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined.

The District's proportionate share of the net pension liability as of June 30, 2018 and 2019 (measurement periods) was as follows:

|                              | CalPERS      |
|------------------------------|--------------|
|                              | Pension Plan |
|                              |              |
| Proportion - June 30, 2018   | 0.06042%     |
| Proportion - June 30, 2019   | 0.05693%     |
| Change - Increase (Decrease) | (0.00349)%   |

For the year ended June 30, 2020, the District recognized pension expense of \$569,811. At June 30, 2020, the District's reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|                                                                                                            | <br>red Outflows<br>Resources | <br>Resources   |
|------------------------------------------------------------------------------------------------------------|-------------------------------|-----------------|
| Pension contributions subsequent to measurement date                                                       | \$<br>225,665                 | \$              |
| Differences between actual and expected experience                                                         | 158,325                       | (12,267)        |
| Changes in assumptions                                                                                     | 108,700                       | (38,533)        |
| Change in employer's proportion and differences between<br>the employer's contributions and the employer's |                               |                 |
| Proportionate share of contributions                                                                       | 176,333                       | (178,005)       |
| Net differences between projected and actual earnings on plan investments                                  | <br>                          | <br>(39,854)    |
| Total                                                                                                      | \$<br>669,023                 | \$<br>(268,659) |

Year Ended June 30, 2020

# 6) PENSION PLANS - Continued

# B) Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions - Continued

The \$225,665 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflow of resources related to pensions will be recognized as pension expense as follows:

|            | Deferred        |          |  |  |  |  |
|------------|-----------------|----------|--|--|--|--|
| Year Ended | Outflows/Inflow |          |  |  |  |  |
| June 30    | of Resources    |          |  |  |  |  |
|            |                 |          |  |  |  |  |
| 2021       | \$              | 195,987  |  |  |  |  |
| 2022       |                 | (43,625) |  |  |  |  |
| 2023       |                 | 14,284   |  |  |  |  |
| 2024       |                 | 8,053    |  |  |  |  |

#### **Actuarial Assumptions**

The total pension liabilities in the June 30, 2018 actuarial valuation were determined using the following actuarial assumptions:

|                                  | CalPERS                                                                                                                   |
|----------------------------------|---------------------------------------------------------------------------------------------------------------------------|
|                                  | Pension Plan                                                                                                              |
|                                  | 1 20 2010                                                                                                                 |
| Valuation Date                   | June 30, 2018                                                                                                             |

# B) Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions - Continued

#### Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contributions rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of project benefit payments to determine the total pension liability.

#### Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, staff took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The expected real rates to return by asset class are as followed:

| Asset Class <sup>(a)</sup> | Assumed Asset Allocation | Real Return<br>Years 1 - 10 <sup>(b)</sup> | Real Return<br>Years 11+(c) |
|----------------------------|--------------------------|--------------------------------------------|-----------------------------|
| Global Equity              | 50.0%                    | 4.80%                                      | 5.98%                       |
| Fixed Income               | 28.0%                    | 1.00%                                      | 2.62%                       |
| Inflation Assets           | _                        | 0.77%                                      | 1.81%                       |
| Private Equity             | 8.0%                     | 6.30%                                      | 7.23%                       |
| Real Estate                | 13.0%                    | 3.75%                                      | 4.93%                       |
| Liquidity                  | 1.0%                     | -                                          | -0.92%                      |
| Total                      | 100%                     |                                            |                             |

<sup>&</sup>lt;sup>(a)</sup>In the System's CAFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

<sup>(</sup>b) An expected inflation of 2.0% used for this period.

<sup>(</sup>b) An expected inflation of 2.92% used for this period.

#### Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability for the Plan, calculated using the discount rate for each Plan, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

|                                                | CalPERS Pension Plan |                    |
|------------------------------------------------|----------------------|--------------------|
| 1% Decrease<br>Net Pension Liability           | \$                   | 6.15%<br>3,659,087 |
| Current Discount Rate<br>Net Pension Liability | \$                   | 7.15%<br>2,279,573 |
| 1% Increase<br>Net Pension Liability           | \$                   | 8.15%<br>1,140,881 |

#### Pension Plan Fiduciary Net Position

Detailed information about the Plan's fiduciary net positions is available in the separately issued CalPERS financial reports.

#### Payable to the Pension Plan

At June 30, 2020, the District had no contributions payable to the pension plan required for the year ended June 30, 2020.

## 7) POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

#### Plan Description

In May 2000, the District's Board of Directors approved and adopted a postemployment healthcare plan ("the Retiree Health Benefit Plan" or "RHB Plan") for the benefit of its management employees to be effective July 1, 2000. The plan is permitted under Government Code Section 53200 et. Seq. The Board of Directors establishes and has the authority to amend the plan provisions. The Board of Directors amended the plan on April 25, 2011 to a defined contribution plan effective July 1, 2011 for new management employees. Participants in the plan as of June 30, 2011 will continue to receive benefits under the defined benefit plan's provisions prior to this amendment. A separate financial report is not prepared for the Retiree Health Benefit Plan.

Year Ended June 30, 2020

# 7) POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) - Continued

#### Plan Description - Continued

In September 2010, the District established an irrevocable trust fund through the California Public Employees' Retiree Benefits Trust (CERBT), an agent multiple-employer postemployment healthcare trust administered by CalPERS, which acts as a common investment and administrative agent for participating public employers within the State of California. CalPERS issues a separate Comprehensive Annual Financial Report. Copies of the CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, California 95814.

#### **Funding Policy**

Under the defined contribution plan, contributions to the plan are made solely by the District which are established and may be amended by the Board of Directors. The District contributes 100% of the health insurance premiums for an eligible retirement management employee and spouse, not to exceed:

- \$320 per month for retiree and spouse coverage;
- \$200 per month for retiree only coverage; and
- \$160 per month for retiree's spouse only coverage.

The District's contribution toward the health insurance premiums will cease when the retired management employee and spouse reach age 65.

#### **Employees Covered**

As of June 30, 2020 actuarial valuation, the following current and former employees were covered by the benefit terms under the RHB Plan:

| Active employees                                                 | 2 |
|------------------------------------------------------------------|---|
| Inactive employees or beneficiaries currently receiving benefits | 4 |
| Inactive employees entitled to, but not yet receiving benefits   | 0 |
| Total                                                            | 6 |

#### **Contributions**

The annual contribution is based on the actuarially determined contribution. For the fiscal year ended June 30, 2020, the District had no cash contributions to the trust and the estimated implied subsidy was \$9,339 resulting in total payments of \$9,339.
