ABSENT:

IV. INFORMATION/REPORTS

1. Board Reports/Meetings

Director Knutson reported that at the JPIA meeting they advised Workers Comp rates will stay the same with no increase or decrease in premium. The Workers Comp policy does not cover any inmates working for the district in the event they get injured.

JPIA

Director Watkins reported that there was a meeting, that excluded the tribes, with the county to discuss the possibility of changing the way they are developing the GSP project. There was a lot of discussion about the Matrix type voting structure among the local groups. There was an alternative proposal that was presented that included population as criteria in the voting structure.

SGMA

2. Administrative

Manager Williamson advised on Annexation results, Rancho Corrido has elected to forego trying to establish a conservation easement in order to minimize the size of the annexations, and thus the costs related thereto. However, the County determined that the area being considered for the CE would have to be restored, and that a land split would have to be made. As far as the Shadow Ridge annexation we are working diligently with the consultant and owner's representative to achieve their annexation and water service for their 43 units. There are weekly conference calls to go over the status of the project.

Admin.

The term sheet for Master Meter agreements has been forwarded to the YMWD General Counsel for inclusion in a new Master Meter agreement to supply water to those entities that resell water from the District.

The SCADA system replacement is under contract and the consultant has initiated their work to arrive at a new system by the end of the calendar year.

We will be setting a time for a Board Members training and discussion session with the new legal counsel on Board Member responsibilities and Ethics including Brown Act matters.

The Zone 4 flood damage repairs and improvements are underway and are expected to be completed in the next 30 days.

3. Capital Improvement Program

Manager Williamson reported on the Capital improvement program.

Capital

4. Operations

Allen Simon briefly covered Well 23, the nitrates are up. They will start flushing so they can get them lowered. Well 51, there was a pump test and it was running at 45 a minute and then the pump broke, the testing wasn't complete. The water quality on Well 51 seems to be very good. Horizontal wells are running at 105 gallons a minute. Perricone Tank was cleaned and inspected and there are some issues with corrosion.

Operations

5. Counsel

No counsel was present.

Counsel

6. Finance & Administrative Services

Manager Reeh reviewed software conversion update is going very well. She was working with Tyler last week to review how our water billing accounts work. They are still on target for a live date of August 1. We are going to try to close out the year

Finance &
Admin. Services

sooner than normal. We will not be spending any money as of June 1 only if it's an emergency. The annual license fee that we will be paying Tyler will include all upgrades and services we may need. The system is on the Cloud, so Tyler will be in charge of all the backups of the system. The delinquent account list as of today: Yuima \$474.14 past due and IDA has only \$2,626.07. We have received almost \$42,000 reimbursement from FEMA from the flood damage.

V. **OTHER BUSINESS**

No other business was presented

Other Business

VI. **Closed Session**

Board went into closed session at 4:15 p.m. Personal Matters Pursuant to Government Code Section 54957 (b) Public Employee Performance Evaluation. Authorize Board President to execute amendment to General Manager's employment contract. There was no action taken during closed session.

Closed Session

VII. **ADJOURNMENT**

There being no further business to come before the board the meeting was adjourned at 5:45 p.m. to May 21, 2018, upon motion being offered by Director Watkins, seconded by Director Broomell and carried unanimously.
